

WASHINGTON STATE DEPARTMENT OF
Natural Resources

NATURAL RESOURCE ENGINEERING INTERN

The Washington State Department of Natural Resources, Engineering Division, is seeking qualified candidates interested in a summer internship position. This position is designed to give students majoring in Forest Engineering, Forest Products, Forest Operations, Civil Engineering, or related fields basic work experience in road location and design, hydraulic survey and design and timber sale layout.

OPENS: December 8, 2006

CLOSES: Application deadline is February 2, 2007.
Positions will be filled by February 16, 2007.

SALARY RANGE: Sophomore and under: \$1723 per month
Junior: \$1903 per month
Senior: \$2257 per month
Graduate student: \$2733 per month

DURATION: All positions are full time for 3-months. Anticipated start date: May/June 2007.
Anticipated end date: August/September 2007. Dates are negotiable.

LOCATION: Engineering Division – Olympia
Northeast Region – Colville, Omak
Olympic Region – Forks, Port Angeles
Pacific Cascade Region – Castle Rock, Battle Ground, Longview, Chehalis, Tumwater
South Puget Region – Enumclaw
Southeast Region – Ellensburg

POSITION DESCRIPTION:

Assist the region engineering staff in a variety of duties that may include: road location survey and design, timber sale reconnaissance, bridge/culvert site survey, road inventory, contract compliance, cadastral land surveying, GIS/GPS mapping techniques, and miscellaneous other engineering duties as required. Actual job duties will vary by location.

POSITION REQUIREMENTS:

Applicant must be a full-time student (12+ credits/quarter) majoring in Forest Engineering, Forest Products, Forest Operations, Civil Engineering, or related fields and will be returning to school the following fall quarter/semester. **Note: Students graduating in June 2007 do not qualify for the Natural Resource Engineer Intern position (please call or email for more information on permanent employment opportunities).**

DESIRABLE QUALIFICATIONS:

Preferred candidates' course work includes:

- Low volume road design
- General surveying
- Timber harvesting
- Computer aided drafting (i.e. AutoCAD)
- Microsoft office products
- Candidates should have work or recreational experience driving on logging roads

LIVING ACCOMMODATIONS:

Lodging is generally not provided, but may be provided in some regions and specific region locations. Please call or email for specific details.

HOW TO APPLY:

Complete the following:

1. State of Washington application for employment <http://www.dnr.wa.gov/jobs/stateapp.doc> (or contact candace.montoya@dnr.wa.gov for an application).
2. Resume
3. Unofficial copy of transcript

Send your application materials to:

Candace Montoya
Dept of Natural Resources
713 Bowers Road
Ellensburg, WA 98926

Or by email candace.montoya@dnr.wa.gov
